

The movie is an award-winning film that tells the story of the mother of four children who is diagnosed with cancer. It tells how she deals with her diagnosis and treatment, as well as her death. This movie is based on a true story and has won several awards including an Academy Award for Best Actress in 1993. The story was written by Lois Lowry after interviewing Joan Anderson, who was diagnosed with breast cancer at 44 years old. The movie is about a mother and the trials and tribulations that she goes through while battling cancer. Her struggle begins when her husband tells her that she has breast cancer and after hearing this, she breaks down. As the story progresses, it shows how the children deal with their mother's death. It also shows how positive thinking can help you get through hard times in your life. "Mom" received mostly positive reviews from critics. On Rotten Tomatoes it has a rating of 95% based on reviews from 52 critics, with an average rating of 7/10. The site's critical consensus reads: "Frequently funny and well-acted, "Mom" takes a different approach to a familiar subject. " At Metacritic, which assigns a rating using reviews from film critics, it has a score of 54 out of 100 based on 15 reviews, indicating "mixed or average reviews". "Mom" received three Golden Globe nominations including one for best actress in a drama film for Gwyneth Paltrow. It also won an Academy Award for Best Actress (Gwyneth Paltrow) and was nominated for Best Director (Jodie Foster), Best Supporting Actress (Jennifer Ehle). The film was inducted into the National Film Registry in 2012. "Mom" also won the North Carolina Award for Best Young Adult Film (1998).
